# 1. Introduction

---

## 1.1 About SACM and GoAML

SACM (Services Access Control Manager) and GoAML are key platforms developed by the UAE Financial Intelligence Unit (FIU) to support the country's Anti-Money Laundering (AML) and Counter-Terrorism Financing (CTF) framework.

- **SACM** serves as the centralized identity and access management portal that allows regulated entities to register their users and request access to FIU-managed services, including GoAML.
- **GoAML** is the FIU's secure electronic platform used by financial institutions and Designated Non-Financial Businesses and Professions (DNFBPs) to submit Suspicious Transaction Reports (STRs), Suspicious Activity Reports (SARs), and other regulatory reports in compliance with UAE law.

Together, these platforms provide a secure, structured, and compliant digital pathway for businesses to fulfill their AML reporting obligations.

The system enables:

- Registration and identity verification of authorized users.
- Secure submission of STRs, SARs, and related reports.
- Centralized access control managed by the FIU and Supervisory Authorities.
- Compliance with Cabinet Decision No. (10) of 2019 and related AML regulations.

All regulated entities must first register through SACM before being granted access to the GoAML portal.

## 1.2 Purpose of This Guide

This guide serves as a comprehensive reference for businesses and compliance personnel navigating the SACM and GoAML registration process.

Its objectives are to:

- Provide clear, step-by-step instructions for preparing and submitting the required documents.
- Explain how to complete the SACM pre-registration process.
- Guide users in gaining access to GoAML after SACM approval.
- Ensure submissions meet UAE FIU standards to avoid delays or rejections.

✦ *Note: This guide applies to all entities subject to AML/CTF compliance in the UAE, including DNFBPs and financial institutions. It assumes the user is responsible for managing AML system access on behalf of the company.*

## 1.3 Who Should Use This Guide

This guide is intended for:

- Compliance Officers / MLROs (Money Laundering Reporting Officers)
- Company Administrators designated to handle FIU-related platform access
- Legal and Regulatory Affairs team members
- Operations and IT support staff assisting in user registration

Users should be familiar with basic AML/CTF requirements in the UAE and have access to their company's official documents (Trade License, Emirates ID, etc.) before beginning the registration.

## 3. Prerequisites and Document Preparation

---

Before initiating the SACM and GoAML registration process, ensure you have completed the following preparatory steps. Proper document preparation will help avoid delays or rejections during the approval process.

### 3.1 Required Documents

You will need to prepare and compile the following documents:

#### 1. Valid Trade License

- A clear, scanned copy of your company's valid Trade License.

#### 2. User Identification

- A clear, scanned copy of the Emirates ID *or* Passport of the user being registered (the person who will access GoAML).

#### 3. Authorization Letter

- Download the official [letter format for authorization letter](#) provided.
- Fill in the details accurately.
- Update the "**To**" field in the letter to address the correct Supervisory Body according to your licensing authority in Trade License.

### 3.2 File Preparation Guidelines

Once all documents are ready:

1. **Merge all three documents** (Authorization Letter, Trade License, and ID/Passport) into a **single PDF file**.
2. **Ensure the final PDF file size does not exceed 5 MB**.
3. **Review for legibility and accuracy** before uploading.

## 4. SACM Registration Process

---

The SACM (Services Access Control Manager) portal is the first step in accessing GoAML. All entities must register their organization and authorized user(s) through SACM to obtain approval from their Supervisory Body.

### 4.1 Pre-Registration on SACM

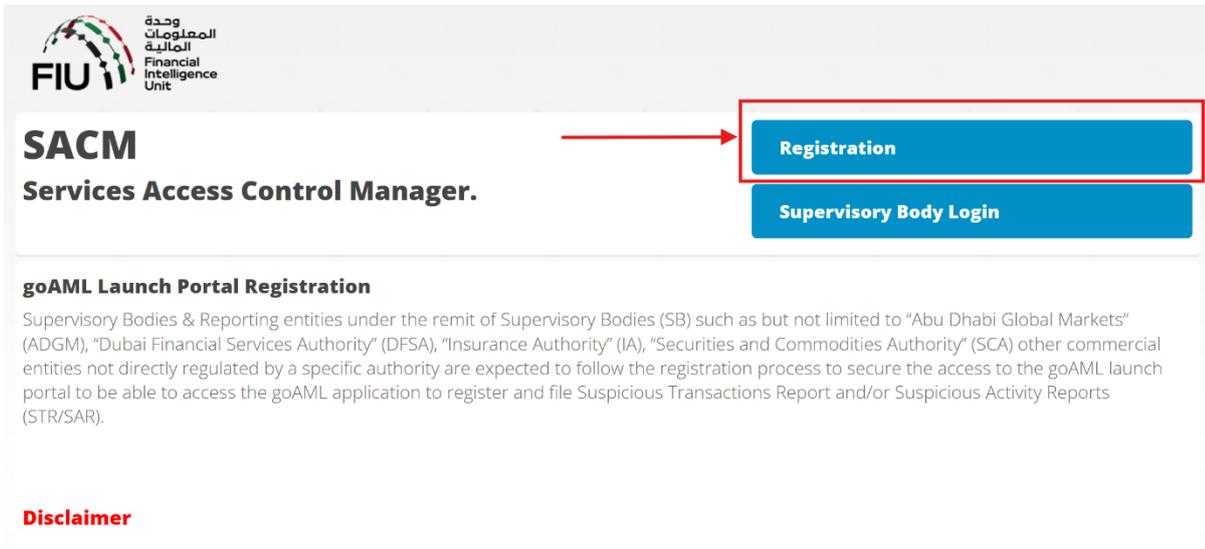

Follow the steps below to complete your SACM pre-registration:

### Step 1: Access the Portal

- Visit: <https://services.uaefiu.gov.ae/sacm/>

### Step 2: Start Registration

- Click the “Registration” button on the homepage.

**SACM**  
Services Access Control Manager.

**Registration**

**Supervisory Body Login**

**goAML Launch Portal Registration**

Supervisory Bodies & Reporting entities under the remit of Supervisory Bodies (SB) such as but not limited to “Abu Dhabi Global Markets” (ADGM), “Dubai Financial Services Authority” (DFSA), “Insurance Authority” (IA), “Securities and Commodities Authority” (SCA) other commercial entities not directly regulated by a specific authority are expected to follow the registration process to secure the access to the goAML launch portal to be able to access the goAML application to register and file Suspicious Transactions Report and/or Suspicious Activity Reports (STR/SAR).
